

Vidyanjali's Bugle

Principal's Note

The positive involvement of parents paves the way for endless possibilities!

Vidyanjali recognizes the paramount importance of parental involvement in fostering a child's success. Through workshops and activities, the school endeavoured to educate parents in facilitating healthy growth and learning. During the Alumni Meet, former students shared their experiences and insights into choosing diverse career paths which provided valuable guidance to the current X std students. It evoked nostalgic memories for the Alumni, building a sense of connection with the school community. Farewell instilled a sense of belongingness among students, creating a warm and supportive atmosphere within the school.

Ganesha Homa

Soyena (CBSE Teacher)

The celebration of Ganesha Homa in school is a spiritually enriching event held for the students and parents of grade X as a collective expression of devotion, gratitude and blessings for the CBSE Board Examination. The ceremonial 'Ganesha Homa', held on February 1, 2024, was followed by a soulful invocation of Goddess Sharada.

Subsequently, Director Dr Rekha Reddy administered the oath to the grade X students and teachers to encourage them to uphold the values learnt in school and shine bright in the world.

Parents of grade X expressed their appreciation of their journey in Vidyanjali. The students of grade X expressed their gratitude and love to the institution that has shaped them and equipped them to face the challenges that lie ahead of them with ease. The Director blessed the students with a gift.

The event wrapped up on a heartwarming note as everyone gathered for a delightful traditional lunch, fostering a sense of togetherness.

Farewell

Ramya (CBSE Teacher)

The highly anticipated farewell event for the departing X-graders unfolded on February 11th enveloped in an atmosphere brimming with jubilation and nostalgia. The auditorium was transformed into a gallery of memories, adorned with photographs encapsulating the journey of the X graders. Bedecked in their finest attire to the theme 'Era Escape', the graduating class emanated a palpable blend of excitement and wistfulness, gathering on one side of the hall.

The audience, comprising students from middle and high school, engaged enthusiastically in the program meticulously planned and executed by the IX graders. A delightful array of

performances including songs, dances, skits, and games, skilfully presented, captivated the diverse audience.

After the celebration drew to a close, warm, delectable snack were distributed fostering an atmosphere of conviviality and camaraderie. The program garnered widespread appreciation, serving as a poignant farewell to the departing X-graders. It encapsulated their achievements and the bonds forged in school.

Alumni Meet - Relive 2024

Ramya (CBSE Teacher)

The annual Alumni Meet, held on February 11th, brought together a significant number of former students and staff eager to reconnect, reminisce, and celebrate alongside the graduating X graders. The evening buzzed with excitement as attendees engaged in various activities, including throwball, volleyball, the lemon and spoon race, and more, all smoothly orchestrated by the school.

Amidst the laughter and camaraderie, alumni shared valuable insights gleaned from their

experiences in college and work life, imparting invaluable advice to the departing seniors. Dr.Rekha Reddy delivered a moving speech underscoring the importance of time management and punctuality, striking a chord with the audience.

The post-celebratory snack bar saw attendees indulge in sumptuous samosas and jalebis providing a fitting finale to an evening brimming with nostalgia and fellowship.

Parent Involvement Program

Smita (CBSE Teacher)

Parental involvement maximizes the child's probability of success. Activities done along

with parents help children develop problem-solving attitudes, language skills, social skills, creativity, decision-making, teamwork and fine motor skills. Skills necessary to excel in the future and instill a sense of achievement and pride in children, boosting their self-confidence. 'Parent Involvement Program', organised on Saturday, 10th February 2024, allowed children to learn along with their parents.

The event showcased several engaging activities catering to both entertainment and education. Participants explored fireless cooking, highlighting the importance of nutritious food and teaching children essential culinary skills without using fire. Rangoli making added a cultural touch, symbolizing joy and creativity, while also serving as a decorative element. The activity, "Best out of Waste," encouraged creativity and eco-consciousness by repurposing discarded materials into useful, attractive items. This promoted sustainability principles, teaching valuable lessons about reducing waste.

session, emphasizing the importance of parents as positive role models and providing practical tips for improving mental health and well-being. Topics covered included nutrition, brain development, emotional intelligence, anger management, and problem-solving skills.

Dr Galgali also addressed aspects of sexuality, including body awareness, healthy relationships, media literacy, and the impact of pornography. Parents were encouraged to engage in open discussions with their children about puberty, discipline, and family life, while also being vigilant for signs of mental distress. Practical advice was given on handling common queries from both boys and girls regarding hygiene, menstruation, and healthy lifestyle choices.

During the interactive session, parents raised questions about communicating with their children, addressing family conflicts, and supporting their child's learning about reproduction. The workshop fostered an environment of understanding and provided valuable resources, including contact information for support services and helplines.

Workshop for Parents on Nurturing Open Dialogues with Children

Meena (Vice-Principal)

Workshops were held on 10th and 24th Feb for V to IX std parents. These workshops aimed to educate parents on nurturing open dialogue and sexuality education, empowering them with skills to support their children's adolescent health and well-being. Dr Preeti Galgali led the
